

26th September 2025

Dear Parents and Carers,

We are delighted to share some exciting news with you.

From September 2026, E-ACT Ousedale School will be part of a new initiative to train the next generation of teachers through our very own **School-Centred Initial Teacher Training (SCITT)** programme. Our recruitment for September 26 begins now!

This programme is delivered in partnership with **Ambition Institute**, a nationally respected education charity, and offers a high quality, evidence-based route into teaching. Whether you're a recent graduate, considering a career change, or already working in education, this could be your opportunity to make a lasting impact in the classroom.

Why train with E-ACT SCITT?

- **Achieve Qualified Teacher Status (QTS)** and a **Postgraduate Certificate in Education (PGCE)** – both nationally and internationally recognised qualifications.
- **Train in our schools** – gain hands-on experience in a supportive environment, with placements tailored to your location and interests.
- **Receive expert support** – including weekly clinics, mentoring from experienced teachers, and specialist placement days in diverse educational settings.
- **Access generous funding** – bursaries and scholarships of up to **£31,000** are available for eligible subjects such as chemistry, computing, maths, physics, and languages.
- **Join a national movement** – become part of a community of educators committed to opening minds and doors for young people across the country.

We believe that great teachers change lives. If you or someone you know is passionate about education and wants to make a difference, we encourage you to explore this opportunity.

For more information, please [click here](#) to read the attached brochure or contact E-ACT learning via e-mail (learning@e-act.org.uk). We will also be hosting information sessions and open mornings throughout the year to help you learn more about the programme.

Thank you for your continued support, and we look forward to welcoming future educators into our community.

Warm regards,

Lindsey Pearson

Deputy Headteacher
E-ACT Ousedale School
