NO IPODs/lwatches/MOBILE PHONES/MP3/4 PLAYERS OR POTENTIAL TECHNOLOGICAL/WEB ENABLED SOURCES OF INFORMATION ARE ALLOWED IN THE EXAM VENUE.

The examination boards have issued strong instructions on this matter. If you have a mobile phone or other device about your person, **even if it is switched off**, you will be **disqualified** from that exam and possibly from all your others.

If you have a phone in your bag, it must be turned off.

SOME POINTS TO REMEMBER

1. CHECK your timetable for each examination (but do not bring it into the Exam venue, leave it in your bag).
2. CHECK the examinations notice board before each exam, in case there have been changes.
3. You must NOT eat or drink in the examinations. A small bottle of water is acceptable but it must be clear with no labels on it.
4. Correcting fluid (e.g. Tippex) is not allowed.
5. You MUST arrive in good time for your examinations and stay to the end of all your examinations.
6. You must NOT communicate (or look as if you might be communicating) with any other candidate in an examination **in any way**.
7. NO talking as soon as you ENTER the examination venue.
8. PLEASE come prepared with black pens, pencils and relevant maths equipment etc. These should be in a clear pencil case. Calculator lids should be removed. The school cannot supply your equipment.
9. Do not write or draw on examination desks or deface examination papers in any way.
10. The tone of the exam venue is important so do not slump over the desk even when not writing.

All students are expected to come to school as normal during the exam period. Where students don't have an exam, they will be based in the Sixth Form Study Centre. School transport will continue to run at the normal times.
