Dear All

Re. Ousedale School joining E-ACT (a multi-academy trust)

Further to my joint letter with the Chair of Governors dated 10th January 2024, I am delighted to announce that on the 22nd February 2024 we were informed by the Department for Education that the South East Regional Director has agreed, in principle, to Ousedale joining E-ACT by September 2024.

As previously stated, this continues to be subject to a rigorous process of due diligence which has already been started.

As ever, if you have any questions or concerns, please do get in touch in the usual way. I would be particularly interested to know if you would like us to arrange an event for interested parties to meet with representatives from E-ACT. We will obviously only put this on if there is sufficient interest.

Further updates will follow as we continue through the joining process and/or significant milestones are reached.

Yours faithfully

Andy Burton
Headteacher
