

Dear Parents and Guardians,

We are thrilled to share some exciting updates and achievements from another successful term in Year 8! It has been a pleasure witnessing the remarkable progress and growth of our students, and we are delighted to inform you about the many accomplishments and upcoming events.

Thriving Through Year 8

Parents' evening was largely successful, with plenty of positive comments about our students' progress. We are immensely proud of the hard work and dedication they have shown this year and appreciate all your support.

Rewarding Achievements

We are delighted to announce that nearly 30,000 achievement points have been rewarded across Year 8 so far! This is a testament to the commitment and enthusiasm demonstrated by our students. Well done!

Inspiring Assemblies

Our assemblies have been filled with enriching content and captivating speakers. We were fortunate to have visits from external speakers, including our knowledgeable Sixth Form, the SEND team, the History Department, and the Bridgebuilder Trust. These sessions have been invaluable in broadening our students' horizons and fostering a sense of curiosity.

Unforgettable Trips

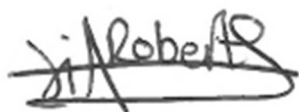

Our students have had the opportunity to embark on incredible trips, creating memories that will last a lifetime. Highlights include visits to the Science Museum and an exhilarating ski trip in Italy, among others. We are excited to announce that there are more adventures on the horizon, including an upcoming trip to Italy and a thrilling excursion to Barcelona for our Spanish students. Stay tuned for further updates!

Rewards Trip for Outstanding Pupils

We are pleased to inform you that we will be organizing a rewards trip for our top 10% of pupils who consistently uphold the Ousedale Standard. This exciting day out will include a visit to TopJump and a trip to the cinema this July. Encourage your child to aim high and accumulate those achievement points for a chance to participate in this enjoyable event!

Wishing you a lovely Easter break and great start to the Summer term.

Warm regards,

Saskia Roberts

Head of Year 8, Olney Campus
