

For the Attention of Club Level Athletes

Dear Parent / Carer,

*****We are still waiting for the final confirmation of event details to be provided by the organisers. All information below is consistent with previous years. *****

The Buckinghamshire Schools Athletics Association is hosting its annual selection event on **Saturday 8th June at Stantonbury Campus, Milton Keynes.**

VERY IMPORTANT:

Selection for Buckinghamshire Team at ESAA National Track and Field Championships in Manchester.

Athletes who wish to be considered for selection **MUST** compete in our Championships on Saturday 8th June 2024. If they do not, then they will be unable to be in the Buckinghamshire team for the ESAA National Championships.

This event is for Y7-11 athletes only, however if you're a Senior athlete (Y12-13) I will still need the requested information below to enter you into the selection process for the National Track and Field Championships in Manchester.

The final details of the event are subject to change based on the number of entries received. Entered athletes will receive more information when final details are confirmed.

*"Athletes entered should be of a very good standard. This event is used to select the Buckinghamshire Team for the ESAA National Track and Field Event in Manchester. Athletes who wish to be considered for selection must compete in this event and can only be entered by their school and **not** their club / coach. For their own safety, **athletes should not enter events for which they have not previously trained.** The Field Referee **will** exclude an athlete from the competition if there are any concerns about that athlete's competence to compete."*

An athlete can enter a maximum of 3 events. These are individual events and there will be no team event this year.

Required Information

Please remember this event is not supervised by our school. Any staff attending, including myself on the day may be involved with officiating so students must have a parent/guardian there to act as their guardian for the day. It is the student's responsibility to make their own way to and from the event safely.

If your child would like to be considered, please click the link below to provide us with information about your child – this must be completed by Sunday 19th May:
