13th July 2021

Dear Parents and Carers

COVID Update and End of term

Unfortunately, there has been a large increase in positive COVID cases over the last eight days across the school. There are already a vast number of students self-isolating and several staff having to self-isolate for various reasons.

Due to this rapid increase in cases, I had a meeting with Public Health MK and Public Health England and it has been decided, in conjunction with governors, to stop the rapid transmission of the virus, it would be appropriate to close the school to students at the end of the day on Friday 16th July. We may go to online learning earlier, for all students, if there is a further increase in cases over the next couple of days.

On Monday 19th July, staff will be in school and will set work on google classroom for all students to complete; further details will be sent at the end of the week. School will close to all staff and students at the end of the day on Monday, 19th July.

I truly cannot believe that we are all facing the same issues that we have been experiencing over the last 18 months.

I will write to all parents/carers at the end of the week about the September start and hopefully, this will be a return to normality.

Please ensure students who are self-isolating continue to do so and continue to follow all social distancing rules.

Please stay safe and healthy.

Kind regards

Stuart Glover
Acting Headteacher
